

AFGC 2020 NATIONAL AFGC PHOTO CONTEST RULES AND INFORMATION

Photo Guidelines: A photo should be an obvious illustration of the category in which it is entered. Does the photo tell a story? Most often, the difference between a photo you remember and one that you quickly forget depends on whether the photo tells a story. The viewer should be able to immediately identify the subject in the photo. Photos should be clear and in focus.

The purpose of the contest is to recognize, through photography, the multi-faceted uses of forages. Entrants can submit color **digital high resolution photo files** to AFGC Headquarters. These will be enlarged and displayed at the annual conference. Cash prizes will be awarded for the best photos.

Credit will be given to AFGC and the photographer when a corporation or magazine utilizes a photo. Rules of the contest are as follows:

1. Photo must have been taken and submitted by an AFGC member.

Photo classes include:

- a. Harvested Forages
- b. Grazing
- c. Education
- d. Wildlife and Conservation
- e. Open

Two submissions per photo class are allowed. Each entry should include a title and short (one sentence) descriptive caption of the photo.

2. Each photo entry must be sent with \$10 entry fee for each photo to AFGC headquarters. Payment may be made by cash, check (Payable to AFGC) or credit card by completing an AFGC online credit card payment process or contacting AFGC headquarters directly.

3. Submit information and payment with the information below:
