John E. Baylor Memorial
Forage & Livestock SCHOLARSHIP

John E. Baylor
1922 to 2013

Dr. John Baylor is best known for his passion for and support of forage agriculture. This passion began on his parents’ New Jersey farm, and it grew into a life devoted to forage-livestock programs at the local, state, national, and international levels.

Dr. Baylor served as the state Extension Forage Specialist at Pennsylvania State University where he developed a model extension program and started the Pennsylvania Forage Council.

He was widely recognized for leadership roles in professional and public forage organizations, including the American Forage and Grassland Council, National Hay Association, Atlantic Seedsmen, Certified Alfalfa Seed Council, and International Grassland Congress. Dr. Baylor was also the founder of the Forage and Grassland Foundation which sponsors this scholarship.

Applications due April 1.

For an application form, go to the American Forage & Grassland Council web site:
www.afgc.org

For questions, contact Tom Keene at the University of Kentucky.

For college students entering their sophomore, junior or senior year with a major related to the growing and/or feeding of forage to livestock.

Sponsored and funded by the

Forage & Grassland Foundation
The Forage & Grassland Foundation is offering scholarships in the amount of $1,000 for college students entering their sophomore, junior or senior year with a major related to the growing and/or feeding of forage to livestock.

Who should apply?
This scholarship is for undergraduate college students who:
- will be in their sophomore, junior or senior year during the semester for which the scholarship is awarded;
- have a major related to the growing and/or feeding of forage to livestock;
- are attending an accredited 4-year university in the United States.
- have a grade point average of 3.0 or higher on a 4-point scale (or comparable average on a different scale).

When are applications due?
Completed applications are due on April 1 of each year.

How do you apply?
By completing an application form that can be found on the American Forage & Grassland Council web site: www.afgc.org

The application form indicates where completed forms should be sent.

When will the scholarship be awarded?
The scholarship will be awarded by August 1 of each year.

What majors might qualify?
Universities have various names for their majors so an exact list of acceptable majors cannot be given. But the following list gives an idea.
- Agronomy
- Plant genetics
- Rangeland ecology
- Plant pathology
- Entomology
- Dairy science
- Animal science
- Soil science
- Biosystems engineering
- Agricultural engineering
- Agricultural sustainability
- Ecosystem sciences

Regardless of the major, student must show a connection to/interest in the growing and/or feeding of forages to livestock.
